1 Introduction

1.1 SHINE Multi Academy Trust (SHINE) is dedicated to providing the best possible education and support for all pupils within its academies. This means having a clear, fair, and efficient behaviour policy. We adopt a positive approach to encouraging children to behave well and celebrate this throughout their time at school. SHINE prides itself on its desire for all children to succeed, therefore, all the academies involved within SHINE will endeavour to support children with their behaviour when appropriate. However, SHINE is also committed to providing an excellent education for all pupils and will tackle incidents of poor behaviour clearly, efficiently and fairly.

1.2 SHINE’s Board of trustees (Board) welcomes feedback on the services it provides. Should anyone be unhappy with any aspect of an academy within SHINE, it is important that the Board and relevant academy learns about this. The Board recognises there is a difference between a concern and a complaint. Taking informal concerns seriously at the earliest stage reduces the numbers that develop into formal complaints. The Board aims to ensure that concerns are handled, if at all possible, without the need for formal procedures. SHINE’s formal complaints procedure is only necessary if efforts to resolve the concern informally are unsuccessful. Where an individual may feel that an issue has not been dealt with appropriately it is important, for all involved, that there is a clear and transparent process for a complaint to be considered. SHINE’s complaints policy is available via our website <https://www.shine-mat.com/business-and-personnel/> or by contacting our clerk via email clerk@shine-mat.com or asking for a copy at one of our academies.

1.3 This policy outlines how individual incidents of poor behaviour and persistent poor behaviour are dealt with by SHINE and its academies. Each individual academy within SHINE may have its own behaviour systems for celebrating good behaviour and dealing with poor behaviour. This is outlined at the back of this overarching policy.

1.4 With any policy it is important to acknowledge that special circumstances may apply for individual children. When dealing with a behavioural issue, it is crucial to recognise the individual child, the context of the incident and the impact the sanction will have on all parties involved.

1.5 All SHINE staff will be made aware of this policy and the CEO along with the headteachers will review it regularly in order to provide fair, consistent and clear procedures for all.

2. Legislation

2.1 SHINE academies will work closely with the School Council (pupil voice) to hear their views and opinions as we acknowledge and support Article 12 of the United Nations Convention on the Rights of the Child² that children should be encouraged to form and to express their views.

2.2 This policy will be annually reviewed, made available to all stakeholders³ and applied consistently throughout our academies in accordance with the School Standards and Framework Act 1998⁴.

2.3 As a multi-academy trust, SHINE strongly endorses the banning of all forms of corporal punishment which has been defined as 'the use of physical force causing pain, but not wounds, as a means of discipline'.

2.4 SHINE as an educational provider has a commitment to promote equality. Therefore, an equality impact assessment has been undertaken and we believe this policy is in line with the Equality Act 2010⁵.

2.5 SHINE believe this policy relates to the following legislation:

- School Standards and Framework Act 1998
- Education and Inspection Act 2006⁶
- Apprenticeships, Skills, Children and Learning Act 2009⁷
- Education Act 2011⁸
- School Discipline (Pupil Exclusions and Reviews) (England) Regulations 2012 updated 2017⁹
- The Education (Independent School Standards) (England) (Amendment) Regulations 2014¹⁰
- [Keeping Children Safe in Education 2019](#)¹¹

4.9.2 This may happen in the following ways:

- pupil council meetings
- pupil questionnaires
- discussion e.g. in assemblies;
- through the personal, social, health and economic (PSHE) education curriculum programme

5. Poor behaviour and persistent poor behaviour

5.1 The academies within SHINE may have to deal with isolated incidents of poor behaviour and persistent poor behaviour differently.

5.2 In cases of an isolated incident, the needs of the children involved, and context of the incident will be taken into account before making a decision on the sanction.

5.4 It may be the case that the isolated incident requires the staff to follow the academy's exclusion policy. For example, in cases of unprovoked violence or damage to academy property.

5.3 If there is a persistent behavioural issue, additional steps will be considered, and support will be offered to the child to encourage them to change their behaviour. This support could include:

- a range of outside agency involvement such as a mentor from the behaviour support team, additional work from an Educational Psychologist or support from Child and Adolescent Mental Health Services (CAMHS). Note: this requires permission from the parent and relies on academy funding to facilitate so may not always be available
- Team Around the Child (TAC) meetings may be offered as a way of communicating with a variety of professionals in one place. These meetings may involve representatives from the academy, health and family services to work collaboratively for the child
- a 'time out' system where the children can leave the classroom to calm down
- additional steps within the behaviour policy to help them to succeed throughout the day
- social stories to help with particular triggers for poor behaviour. This can be linked to an individual reward system
- regular contact with the behaviour lead/appropriate staff. This could be a check-up in the corridor, a sit-down meeting or be an extra body in class for additional support
- a specific teaching assistant (TA) could be assigned to the year group to be on hand should the child need somebody to talk to when the behaviour lead is not available (funding permitting)
- sessions during the week where behaviour lead/ appropriate staff supports the class
- in-house behaviour programs such as a Take Care Club
- opportunities to work as a mentor for other children to boost self-esteem
- individual projects to work on with a TA. This can be a project about future ambitions or idols. SHINE and its academies will initiate projects that will benefit pupils in some way to raise self-belief and pride
- appropriate staff or P.E. lead to support lunchtime play

5.4 The academies within SHINE will update parents regularly about the support in place for their child and its impact on behaviour.

5.4 If persistent poor behaviour continues despite the additional support that has been offered, the academy may choose to issue a fixed-term exclusion.

5.5 If persistent poor behaviour still continues despite additional support and fixed term exclusions, the academy may choose to begin the process of a permanent exclusion. This process is outlined in SHINE's Exclusion Policy.

6. Bullying

6.1 SHINE strongly condemns bullying and strives to ensure that every child feels safe and happy at their academy.

6.2 Bullying is where a child is being physically or emotionally hurt on a regular basis for a period of time. The academies within SHINE have a common understanding of what bullying is.

6.3 If there is evidence to suggest that a child is being bullied within one of the academies, this will be addressed by the academy's senior leadership team and dealt with accordingly. The academy will then report back to the parents and children involved to ensure that all parties feel that the problem has been resolved.

6.4 If appropriate, support will be offered to the child and regular well-being checks will take place to ensure that they remain comfortable at their academy. The children will know who to go to if they are concerned about bullying within their setting.

7. Cyber bullying

7.1 SHINE and its academies recommend that children and parents adhere to the age restrictions on social media platforms. SHINE appreciates it can be difficult to enforce this outside of the academy setting, therefore, our academies offer advice and guidance to help pupils and their parents via assemblies and curriculum led activities.

7.2 SHINE and its academies address internet safety and appropriate use of the internet through our PSHE and ICT curriculum. Our academies also have regular E-safety assemblies to keep the pupils updated with rules and advice.

7.3 SHINE and its academies recognise that sometimes bullying can occur through social media and impact on the child's time in school. If cyber bullying takes place, we will do our best to resolve the issue and look after the child in question. However, we recommend that, if parents feel that the issue has not been resolved, they contact the police.

7.4 There may be incidents where the academy feels that it is necessary to involve other outside agencies, including referring to social care, if we are concerned that a child is accessing inappropriate media. This can include the disregard for age-restrictions on games or social media.

8. Restrictive Intervention

The Trust recognises restrictive intervention as any deliberate act taken by staff to limit a pupil's movement or freedom in order to prevent harm. Such measures must only ever be used as a last resort, when all appropriate prevention and de-escalation strategies have been exhausted or are deemed ineffective in the immediate circumstances. Staff are expected to prioritise proactive support, relational approaches, and early intervention to reduce the likelihood of crisis situations arising. Where restrictive intervention is necessary to maintain safety, it must be reasonable, proportionate, and carried out by trained staff. All incidents must be recorded, reported, and monitored in accordance with DfE guidance and Trust procedures. Further definitions, processes, and expectations are set out in the Trust's Restrictive Intervention Policy.
